Story

● Massimo Vogue 2025

In our first step towards our goal, we focused on creating surfaces, finishes, and designs to elevate the customer experience in porcelain tiles. The introduction of exotic stone effect finish in tiles developed with Spanish collaborations is a masterpiece of art.

The fresh Italian designs, "Truly Italian," as we call them, have a mesmerizing effect on our channel partners and customers. A completely new portfolio of designs has been launched in two brands: "Emmeker" and "Arakar".

"Emmeker" brings an Italian touch to your spaces with intricate patterns and luxurious designs. "Arakar" is all about taking a bold step in the future of interior design.

Let your surroundings tell a story of art, culture and refined taste with our porcelain surfaces.
